# TexA
## TEXT ANALYTICS GROUP

We are Text Analytics Group at New Mexico State University
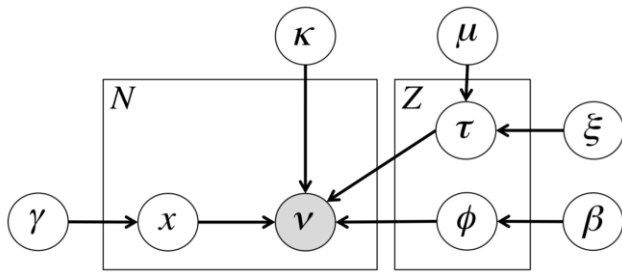

Current group members:

**Tuan Le** (Faculty)
**Dang Pham** (PhD student)
**Phuong Nguyen** (PhD student)
**Sanuj Kumar** (PhD student)

Questions? Please contact us at (575) 646-3234. Email: tuanle@nmsu.edu.

BE BOLD. Shape the Future.
New Mexico State University

TexA
TEXT ANALYTICS GROUP

- Our research backgrounds: data mining and machine learning

- We have been working on building novel models and algorithms for text mining, text visualization, and its applications:

Probabilistic Topic Models

Visual Comparative Text Mining

Hierarchical Topic Models

**Our research is mainly sponsored by**

- We are working on
    - **Focused Text Analysis**
        - Focused Topic models
        - Personalized Summarization

    - **Multi-view Machine Learning**
        - Multi-view anomaly detection

    - **Methods for Mining Scholarly Research Articles**
    - and more…

**We are looking for Master students!**
