ICLP 2008
24th International Conference on Logic Programming
Udine (Italy), December 9-13, 2008
http://iclpo8.dimi.uniud.it

Conference Scope
Since the first conference held in Marseille in 1982, ICLP has been the premier international conference for presenting research in logic programming. Contributions (papers, position papers, and posters) are sought in all areas of logic programming including but not restricted to:

* Theory
* Implementation
* Environments
* Language Issues
* Related Paradigms
* Applications

General Chair
Agostino Dovier (U. Udine)

Program Chairs
Maria Garcia de la Banda (Monash U.)
Enrico Pontelli (New Mexico State U.)

Workshops Coordinator
Tran Cao Son (New Mexico State U.)

Doctoral Consortium Chairs
David Warren (SUNY Stony Brook)
Thom Schrijvers (K. U. Leuven)

20 Years of Stable Model Semantics
Mirek Truszczyński (U. Kentucky)
Andrea Formisaro (U. Perugia)

Programming Contest
Bart Demoen (K. U. Leuven)

Important Dates
Workshop Proposal June 2
Abstract Submission June 2
Paper Submission June 9
Paper Notification August 1
Poster Submission August 15
Poster Notification Sept 1
Camera Ready Sept 15
