"The mission of the Computing Alliance of Hispanic-Serving Institutions is to grow and sustain a networked community committed to recruiting, retaining and accelerating the progress of Hispanics in computing."

cahsi.org

HI!

I am a 2020-2021 **CAHSI** Student Scholar. I am currently pursuing a Master's degree in Electrical Engineering at NMSU.

This semester I am hosting office hours and would love to talk to you about how to become more engaged in school, the campus community, and more!

LET'S MEET!

Why did I decide
to go to graduate
school?

How I got where I am now

1. Getting involved in the STEM community

- Young Women in Computing
- Conferences (networking)
- Independent studies with a professor
- Internships

2. Finding support for graduate school

- GEM Fellowship (<https://www.gemfellowship.org>)
- Scholarships (apply!)
- RA/TA/GA positions

3. Research here at NMSU

- Thesis research (internships can help to discover what you are/are not interested in)

Questions?

You can also email me at sashamae@nmsu.edu or stop by office hours if you have questions!
